

The Department of Pathology at the University of Virginia seeks faculty candidates with expertise in Clinical Chemistry to participate in the oversight of the UVA Health System Core Laboratory and related laboratory functions, including Chemistry, Immunology, Protein Electrophoresis, Specimen Management, and Referral Lab Services. Candidates should have a strong interest in the development and validation of new assays and technologies, a commitment to laboratory quality, and the education of Clinical Chemistry fellows, Pathology residents, and other medical trainees.

Candidates must have a PhD, MD, or MD/PhD, and be board certified and/or eligible by the American Board of Pathology or the American Board of Clinical Chemistry. This appointment will be made at a rank (Assistant/Associate/Full Professor) commensurate with experience. Candidates seeking either a tenure-eligible or tenure-ineligible position will be considered. Candidates should identify if they wish to be considered for a tenure-eligible or tenure-ineligible role in the cover letter. Candidates with a strong interest in academic medicine and research are encouraged to apply.

Review of applications will begin December 2, 2016, and the posting will remain open until filled.

To apply for this position, visit <http://jobs.virginia.edu>, and search posting number 0619846. Complete a candidate profile online; attach a cover letter, curriculum vitae, and contact information for three references.

For further information regarding the application process please contact Mary J. White via email at [mjw2n@virginia.edu](mailto:mjw2n@virginia.edu).

The University of Virginia is an equal opportunity and affirmative action employer. Women, minorities, veterans, and persons with disabilities are encouraged to apply.
