

Assistant Director of Coagulation Lab at Montefiore Medical Center

New York, New York (USA). The Department of Pathology at Montefiore Medical Center (MMC) is recruiting for an Assistant Director of the Coagulation laboratory. Montefiore Medical Center is a teaching hospital of Albert Einstein School of Medicine. Montefiore Medical Center is ranked nationally in 1 adult and 7 pediatric specialties. Montefiore Medical Center is a 1,498-bed general medical and surgical facility with over 87,702 admissions in recent years. Its emergency room has approximately 300,000 visits per year.

The coagulation lab at MMC performs state-of-the-art specialized testing for bleeding disorders, thrombotic disorders and monitoring of new anticoagulants. The coagulation at MMC performs daily testing for patients seen at the Montefiore Hemophilia Treatment Center, which opened in December 2015. The Hemophilia Treatment Center is the first to be approved in the New England region for over forty years, which serves hundreds of patients in the Bronx, Westchester and Rockland counties with bleeding conditions. The coagulation lab at MMC also provides thrombophilia testing and monitoring testing for anticoagulants for over 4000 patients seen at the Einstein-Montefiore Thrombosis Prevention and Treatment Program.

The Assistant Director will work closely with the Director of the Hematology/ Coagulation labs to develop new quality improvement programs; validate, standardize and implement new laboratory developed tests; participate in clinical consultation and interpretative reporting of specialized coagulation panels; and participate in the standardization of practice and coagulation testing at the other Montefiore sites. In addition, the assistant director will have the opportunity to collaborate in clinical research projects and participate in teaching of medical students, residents and fellows.

Candidates must have a PhD with experience in Clinical Laboratory, especially Coagulation. Please send CV and Cover letter to:

Morayma Reyes Gil
mreyesgi@montefiore.org
Director of hematology and Coagulation Labs
Associate Professor, Pathology
Montefiore Medical Center and Albert Einstein School of Medicine
