

Clinical Assistant Professor / Clinical Associate Professor / Clinical Professor
Pathology Department

Long Island's premier academic medical center, Stony Brook Medicine represents Stony Brook University's entire medical enterprise and integrates all of Stony Brook's health-related initiatives: education, research and patient care. It encompasses Stony Brook University Hospital, Stony Brook Children's Hospital, the five Health Sciences schools — Dental Medicine, Health Technology and Management, Medicine, Nursing and Social Welfare — as well as the major centers and institutes, programs and more than 50 community-based healthcare settings throughout Suffolk County. With 603 beds, Stony Brook University Hospital serves as Suffolk County's only tertiary care center and Regional Trauma Center. Stony Brook Children's, with more than 160 pediatric specialists, offers the most advanced pediatric specialty care in the region.

Descriptive Title: Clinical Assistant Professor /
Clinical Associate Professor / Clinical Professor

REF#: F-9836-17-11

Budget Title: Same as above

Faculty Position

Department: Pathology

Campus: Stony Brook West Campus/HSC

Salary: Commensurate with Experience

Required Qualifications: MD (or equivalent) and/or Phd. Must also have postdoctoral training and/or experience that meets the NYSDOH CLEP requirements for Laboratory Director Certificate of Qualification in the categories of Diagnostic Immunology and Cellular Immunology (see <https://www.wadsworth.org/regularatory/clep/certificate-requirements>). MDs must be eligible for New York State licensure. Strong written and verbal communication skills.

Preferred Qualifications: NYSDOH CLEP Laboratory Director Certificate of Qualification in the categories of Diagnostic Immunology and Cellular Immunology. Board certification in Clinical Pathology (ABP), Clinical Immunology (ABMLI), or Medical Microbiology (ABMM). Demonstration of scholarly capability/research experience and teaching experience.

Responsibilities & Requirements: The Clinical Assistant Professor/Clinical Associate Professor/Clinical Professor will serve as associate director of the Clinical Immunology Laboratory and will participate in the teaching and research missions of the Department.

Brief Description of Duties:

Stony Brook Medicine is seeking a clinical pathologist or clinical laboratory scientist who will serve as associate director of the Clinical Immunology Laboratory. This laboratory consists of three sections, General Immunology (includes autoimmune testing and protein electrophoresis/IFE), Flow Cytometry, and the Lyme Laboratory. The candidate will also participate in teaching medical students, residents, and fellows, and will be expected to engage in scholarly activities involving clinical, translational, or basic research. Academic rank at the Stony Brook University School of Medicine will be commensurate with experience and academic record.

Special Notes: This is a non-tenure track position. FLSA Exempt position, not eligible for the overtime provisions of the FLSA. Internal and external search to occur simultaneously. **Anticipated Start Date:** As soon as possible.

Pursuant to Executive Order 161, no State entity, as defined by the Executive Order, is permitted to ask, or mandate, in any form, that an applicant for employment provide his or her current compensation, or any prior compensation history, until such time as the applicant is extended a conditional offer of employment with compensation. If such information has been requested from you before such time, please contact the Governor's Office of Employee Relations at (518) 474-6988 or via email at info@goer.ny.gov.

Stony Brook University is 100% tobacco-free as of January 1, 2016. See our policy and learn more at stonybrook.edu/tobaccofree.

The selected candidate must successfully clear a background investigation.

Application Procedure: Those interested in this position should submit a [State Employment Application](#), cover letter and resume/CV to:
