

Yale SCHOOL OF MEDICINE

Faculty Position in Laboratory Medicine at Yale

The Department of Laboratory Medicine at the Yale University School of Medicine seeks a clinician-educator for a full-time ladder faculty position in the Department. The successful candidate would be expected to spend approximately 75% time in clinical/educational work with the remaining effort devoted to scholarly activities. Candidates must be MDs or MD/PhDs who are Board certified/eligible in Clinical Pathology or AP/CP. Subspecialty training in Transfusion Medicine and/or Hematology is preferred but not required. The Department is responsible for the clinical laboratories and for the apheresis, stem cell collection, and cellular therapy services for the Yale New Haven Medical Center (YNHH). YNHH has over 1,500 beds and is one of the ten largest hospitals in the country; it includes the 168-bed Smilow Cancer Hospital at Yale New Haven and the 201-bed Yale New Haven Children's Hospital. In addition, the Department is responsible for a number of satellite laboratories in the community. There are many opportunities for independent research as well as collaborative translational and clinical investigation. The Department supports residency (CP-only and AP/CP) and fellowship programs, the latter including Transfusion Medicine, Hematopathology, Clinical Chemistry, Medical Microbiology, Clinical Informatics and Molecular Genetic Pathology.

Rank will be dependent on the successful candidate's qualifications. More information on the Department may be found at <http://labmed.yale.edu>. Please send CV and names of 3 professional references to <https://apply.interfolio.com/43429>. Applications will be accepted starting August 1, 2017 and until the position is filled. Yale University is an Affirmative Action/Equal Opportunity employer. Yale values diversity among its students, staff, and faculty and strongly welcomes applications from women, persons with disabilities, protected veterans, and underrepresented minorities.
