

## **Physician-Scientist Faculty Position in Laboratory Medicine at Yale.**

The Department of Laboratory Medicine at the Yale University School of Medicine seeks a clinician-scientist for a full time ladder faculty position in the Department. The successful candidate would be expected to spend 75% time or more in extramurally funded basic and/or translational investigative work in an area that would synergize with existing strengths at the Medical School and University. The particular field of investigation is not limited to any single area. The remaining effort would be in clinical and educational duties. Candidates should be MDs or MD/PhDs who are Board certified/eligible in Clinical Pathology or in an appropriate subspecialty of Laboratory Medicine. Individuals who are clinical laboratory trained PhDs certified by the ABCC, ABMM, or ABMG are also encouraged to apply. The Department has NIH-funded pre/post-doctoral training programs in both Immunology-Hematology-Transfusion Medicine and in Virology, and a faculty especially strong in these areas as well as in Microbiology, Biochemistry, Bioengineering and Molecular Biology.

Rank is dependent on the successful candidate's qualifications. More information on the Department may be found at <http://labmed.yale.edu>. Please send CV and names of 3 professional references to: <http://apply.interfolio.com/43391>. Applications will be accepted starting August 1, 2017 and until the position is filled. Yale University is an Affirmative Action/Equal Opportunity employer. Yale values diversity among its students, staff, and faculty and strongly welcomes applications from women, persons with disabilities, protected veterans, and underrepresented minorities.
