

**Assistant, Associate or Professor of Clinical Pathology  
(Chemistry Division of Clinical Pathology) (Open Rank)**

Department of Pathology  
University of Southern California  
Los Angeles, California

The University of Southern California (USC), founded in 1880, is the largest private employer in the City of Los Angeles. As an employee of USC, you will be a part of a world-class research university and a member of the "Trojan Family," which is comprised of the faculty, students and staff that make the university what it is. The Department of Pathology and Laboratory Medicine at the University of Southern California invites applications for a full time academic appointment with clinical responsibilities in the Clinical Chemistry division of Clinical Pathology. The successful applicant will be expected to contribute to the teaching, service, and research missions of the Department. Clinical responsibilities will include sharing in the medical direction of the clinical chemistry laboratories of the LAC+USC, Keck, and Norris Cancer Hospitals, which are all located on one campus in Los Angeles.

Applicants must hold an M.D. degree with board certification or eligibility in Clinical Pathology or a Ph.D. degree with certification by the American Board of Clinical Chemistry. The successful candidate will have demonstrated a commitment to medical student teaching and to the training of residents and fellows. Having demonstrated abilities in translational and/or clinical research is desirable.

Position is open rank in the clinical track. Academic rank and salary are commensurate with qualifications.

The University of Southern California strongly values diversity and is committed to equal opportunity in employment. Women and men, and members of all racial and ethnic groups, people with disabilities, and veterans are encouraged to apply.

Interested applicants may apply online or contact:

Jane F. Emerson, MD, PhD  
Professor of Clinical Pathology
