

The Department of Laboratory Medicine and Pathology at Mayo Clinic in Florida is seeking an experienced, academically oriented clinical pathologist with strong diagnostic skills in Immunology/Infectious Disease Serology to join our large and markedly growing academic practice. Since the successful candidate will provide back-up coverage in Coagulation, experience in Coagulation is also desirable.

Mayo Clinic Jacksonville is a unique practice environment, focused on the needs of the patient and dedicated to teamwork. Our clinical pathology laboratory offers a robust and growing test menu. The selected candidate will join a group of 20 consultants. All Surgical and Clinical pathologists have subspecialty expertise and participate in scholarly activities through research and education and offer a stimulating environment for professional growth and career development. The position includes an academic appointment with the College of Medicine, Mayo Clinic.

Qualified candidates should hold an MD or MD/PhD and be board certified in Anatomic and Clinical Pathology or Clinical Pathology. Eligibility for Florida licensure is required.

Site Description

Jacksonville is the largest city in area in the continental United States. A beautiful coastal Florida city that features excellent year-round climate, over 20 miles of beaches and outstanding outdoor recreational, cultural and family-oriented amenities. The "River City by the Sea" has an excellent school system, reasonable cost of living and a thriving business environment. Medical professionals and patients are drawn to Jacksonville by an extraordinary network of high-profile healthcare facilities. Jacksonville continues to grow as more people relocate from all over the U.S. and abroad, to see what the great River City has to offer!
